2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

People aren't making more money and people need electric and gas for heating/cooling homes, water, and feeding their families. Everything is so high now and prices on everything including food keep increasing, yet peoples' paychecks are not increasing. Many people have lost their jobs due to the economy and Covid. People who have low income including seniors on social security are already having to choose between medications and food, and are scared to death about the rising costs of heat and air. We can't afford any more increases right now. Customers are already struggling.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

No
